

People Directorate
Salford City Council
Chorley Road
Salford
M27 5AW

Dear Parent,

With summer holidays right around the corner, we need to continue doing everything we can to protect ourselves and our loved ones from catching Covid-19.

All over 18s are now eligible to get the Covid-19 vaccination and we've made it easy and convenient to get your vaccine in Salford with a number of walk-in clinics now open, many open outside normal working hours and at weekends.

See next page for the dates, times and locations of our walk-in clinics. Alternatively, if you prefer, you can book an appointment via www.salford.nhsvaccinations.co.uk or by calling 0800 953 0116.

The vaccines in use in the UK are fully-tested, approved and safe (including types suitable for pregnant women).

A first vaccine gives you good protection - and helps protect the people around you especially with new and more infectious variants of coronavirus circulating. Your second jab will boost that protection further and make it long-lasting.

For the vast majority of people of all ages the side-effects from the vaccine are mild, over quickly and nowhere near as bad as getting full-blown Covid-19.

You can keep up to date with details of future clinics via www.salfordccg.nhs.uk/covid-vaccine.

Best wishes,

Cathy Starbuck
Assistant Director (Education, Work and Skills)

Muna Abdel Aziz
Director of Public Health

Walk-in COVID-19 vaccination appointments available in Salford

First and second dose Pfizer and AstraZeneca.

Please note there must be a minimum eight weeks between each dose.

All Salford residents aged 18 and over can attend.

Vaccinations will be first come, first served.

Please be prepared to wait. Clinics may close early once supply has gone.
