

# HOUSEHOLD SUPPORT FUND

**If you're struggling and need financial support the government's Household Support Fund is here to support you.**

Funding is available now for Salford residents through Salford City Council's Salford Assist team until March 2022.

You can apply for funding to help with things like:

Food

Bills

Keeping warm

Appliances

Essential items

**Funding will mostly be awarded by way of a grant payment to those eligible.**

You do not need to be in receipt of benefits to apply for the Household Support Fund and all applications will be considered.

Salford City Council wants to make sure you are supported in the best way possible and the Household Support Fund mirrors the support offered by the Discretionary Support Scheme, Salford Assist, in the way that all reasonable requests for support will be considered.

This could be for:

**Household items**

**White goods**

**Carpets**

**Thermal curtains to keep homes warm**

**Salford Assist helps make sure you get the help you need and supports with referrals to other agencies.**

Apply for the Household Support Fund at: [www.salford.gov.uk/hsf](http://www.salford.gov.uk/hsf)

If you need help with completing the online application form, you can visit your local Gateway centre or Broughton Hub and staff will be able to help.

Find your nearest centre here: [www.salford.gov.uk/gateway-centres](http://www.salford.gov.uk/gateway-centres)

Please note that various information is required to complete the application such as your current energy supplier, a recent bank statement and Universal Credit Journal (where applicable) and you will need to have this to hand when completing the application.
