Key Stage 2 Maths Practice Reasoning: Recognise and Use up to Thousandths

For each number write the digits in the hundredths place.

1. 12.452

2. 4.092

3. 87.34

4. 501.32

5. 0.0235

6. 11.309

7. 2563.71

8. 0.392

9. 40.072

10. 5.442

For each number write the digits in the thousandths place.

11. 12.673

12. 2.902

13. 12.6921

14. 109.45

15. 34.0092

Write the following fractions as decimals.

16. $\frac{289}{1000}$

17. $\frac{3}{1000}$

18. $\frac{47}{1000}$

19. $\frac{902}{1000}$

20. $\frac{76}{1000}$

21. What digits are in the tens and tenths places?

243.71

tens:

tenths:

22. What digits are in the hundreds and hundredths places?

742.956

hundreds:

hundredths:

23. What digits are in the tens and tenths places?

790.34

tens:

tenths:

24. What digits are in the hundreds and hundredths places?

8902.762

hundreds:

hundredths:

25. What digits are in the thousands and thousandths places?

7048.627

thousands:

thousandths:

For each of the following digits, write a number with the digit in the thousandths place.

26. 5

27. 4

28. 8

29. 1

30. 3
